## AD0087: Note to Public File

### Correcting a typo in the published registration form

The Trade Remedies Authority (TRA) published a [registration form](#) for AD0087 on 05 March 2026, following the initiation of the investigation.

We have subsequently noted that there was an error in the draft PCN table in section B3. Under the sixth category, “Pharmaceutical assured”, the explanatory text under the “Description” column erroneously refers to “volumetric” containers.

We confirm that category six in the draft PCN table refers to pharmaceutical assured goods.

We have re-issued the registration form with this corrected, although we are happy to receive registrations on the original forms if they have already been downloaded and used.
