Linglong Tire's 826 million investment in Thai factories

Source: Tire Business Network Release Date: (2017-03-24) [Print this page](#)

Recently, Shandong Linglong Tire (26.610, 0.61, 2.35%) Co., Ltd. has successfully applied for bank credit and trade financing, and will invest an additional US\$120 million (about 826 million yuan) in the third phase of Thailand Linglong Project, including an annual output of 800,000 all-steel tires, 2 million sets of semi-steel tires and 400,000 sets of bias-ply tires. The construction period of the project is 1.5 years. After completion, the company can increase revenue by 1.2 billion yuan and profit by 200 million yuan.

At present, Shandong Linglong Tire Co., Ltd. has a production capacity of 48 million sets of semi-steel tires, 7.4 million sets of all-steel tires, and 1 million sets of bias-ply tires. Among them, the Thai company has an annual production capacity of 12 million sets of semi-steel tires and 1.2 million sets of all-steel tires.
