

Chinese tire companies invest 1.3 billion overseas factories to open

2019-03-20 09:45:38

On March 18, 2019, the opening ceremony of Jinma Rubber Co., Ltd. was grandly held. Local government officials, as well as Fulin Group Chairman Liu Zijin, General Manager Li Hengzhe, Deputy General Managers Liu Ning and Liu Shaowei attended the opening ceremony.

After the ceremony, Chairman Liu led everyone to visit the Jinma factory, and introduced the production and operation of the factory in detail.

News reports from Malaysian newspapers at that time said: Qingdao Jinma Rubber Co., Ltd. will be registered as the company name of the factory (it was already named Qingdao Jinma Rubber Co., Ltd. in October 2016).

On December 12, 2016, a grand foundation laying ceremony was held for the Malaysian factory of Fulin Tire Co., Ltd.

According to reports, the investment in the Malaysian factory project of Qingdao Fulin Tire Co., Ltd. is 200 million U.S. dollars (about 1.36 billion yuan). Will continue to expand. This factory is also the first factory of a domestic tire company in Malaysia. With the leadership of Fulin Tire, more tire companies may enter Malaysia in the future. After all, this is the world's most important place of origin of rubber, and tire manufacturing has unique advantages.

Qingdao Fulin Tire Co., Ltd. is a company integrating tire research and development, production and domestic and foreign trade. Since its establishment in 2003, the company has been committed to tire high-tech research and development and brand building and development. Over the years, the company has developed world-class tire series products, filling more than 10 new tire specifications in China, and has more than 30 tire designs. National patent, becoming the leading enterprise of high-performance tires in China.
