Release time: 2019-06-17 19:59:00

On Saturday (15th), a Guangdong tire company settled in the second phase base of Malaysia -China Kuantan Industrial Park . After the comp new project investment , it will become the largest tire production base in Malaysia.

Sinti Tire Manufacturing Malaysia Sdn Bhd ( a subsidiary of Zhaoqing Junhong Industrial Co Ltd ) held a ground breaking ceremony on Satur reported that the factory is mainly engaged in the production and sales of tires for passenger cars , light trucks, vans and other vehicles . The production capacity is expected to reach 6 million sets of passenger car radial tires and light truck radial tires and 500,000 sets of passenger e tires.

Wang Jianmin, deputy minister of the Ministry of International Trade and Industry of Malaysia, said at the ceremony, "I believe that it is a very for Sinti Tire to settle in Malaysia-China Kuantan industry. This investment not only brings benefits to the enterprise, but also brings benefits to Kuantan. The economy brings development. It is believed that the cooperation and support of the federal government and the East Coast Sp Zone Development Council ( ECERDC ) can attract more foreign investment.

Lin Conghai, general manager of the company, said that the factory will use the Industry 4.0 intelligent manufacturing system and internation green energy- saving and environmental protection technology, and the investment will create hundreds of local job opportunities. The prod sold to Europe , America, Brazil , ASEAN and other countries and regions.

Zhaoqing Junhong Industrial Co., Ltd. is a Sino-foreign joint venture tire manufacturing enterprise jointly established by Haida Industrial Co., Kong Changxin Real Estate Co., Ltd. , with a registered capital of 45 million US dollars and about 1,000 employees.
