## Zhejiang Hangzhou Zhongce Rubber (Thailand) Co., Ltd. opened for production

Article source: Hangzhou State-owned Assets Supervision and Administration Commission Release time: 2015-07-06

A few days ago, Zhejiang Hangzhou Zhongce Rubber (Thailand) Co., Ltd. officially opened for production. The company is the first overseas entity subsidiary established by Zhongce Rubber Group. The first phase investment is about 8.4 billion baht. It mainly produces semi-steel radial tires. By the end of 2015, the annual production scale will reach 5 million sets.

The opening and production this time marks that Zhongce Rubber Group, as the largest tire company in China, has taken a substantial step towards globalization. The establishment of a factory in Thailand is conducive to giving full play to the advantages of local resources and serving markets such as Southeast Asia and the United States.
