

25.5.2021

Dear Sir/Madam

We are contacting you regarding TF0006 Safeguard measures and the proposed limit of imported steel from Europe. We source our material from Voestalpine Precision Strip and there is no alternative supply in the UK to the required specification and quality.

The proposal would be extremely damaging to our supply and we believe these materials should not be on the list of limited products as they are not available within the UK and do not impact UK producers.

I trust you will take note of our concerns within your review.

Yours Faithfully
