TF0006 – Safeguard Measure on Certain Steel Products

Dear Sir/Madam,

With respect to The Trade Remedies Investigations Directorate's transition review of the safeguard measures on steel products I am writing to confirm my company's UK manufacture of the products indicated below.

As a UK producer of these products, I must express my concern over TRID's recommendation that the safeguard measures on these products should be discontinued. A revocation of these measure would likely lead to an increase in imports of these products and causing injury to my company.
