Imperial

CHOOSE ECONOMICAL

The 19C-IE has maintenance free batteries, needs minimal daily checks and requires less servicing, saving rental companies, hirers and owner operators time and money.

- No engine and associated items significantly reduce servicing time and equipment.
- No need for emissions extraction saves on wages and equipment.
- No engine liquids to check saves you time and money.
- Electricity is a lot cheaper than fossil fuel.

CHOOSE QUIET

The JCB 19C-IE electric mini excavator generates less noise than many household appliances, making it ideal for urban areas and indoor applications and allowing better communication with co-workers.

- Noise at the operator station is a huge 10 dB less than the diesel version.
- Allows for 'out-of-hours' working, to maximise time on site and speed up the job.
- The 19C-IE is fitted with a blue light indicator to show the machine is running.
- Three single flanged bottom rollers allied with short pitch tracks ensure a quiet, smooth ride.

bystanders, and is ideal for working indoors and in urban areas.

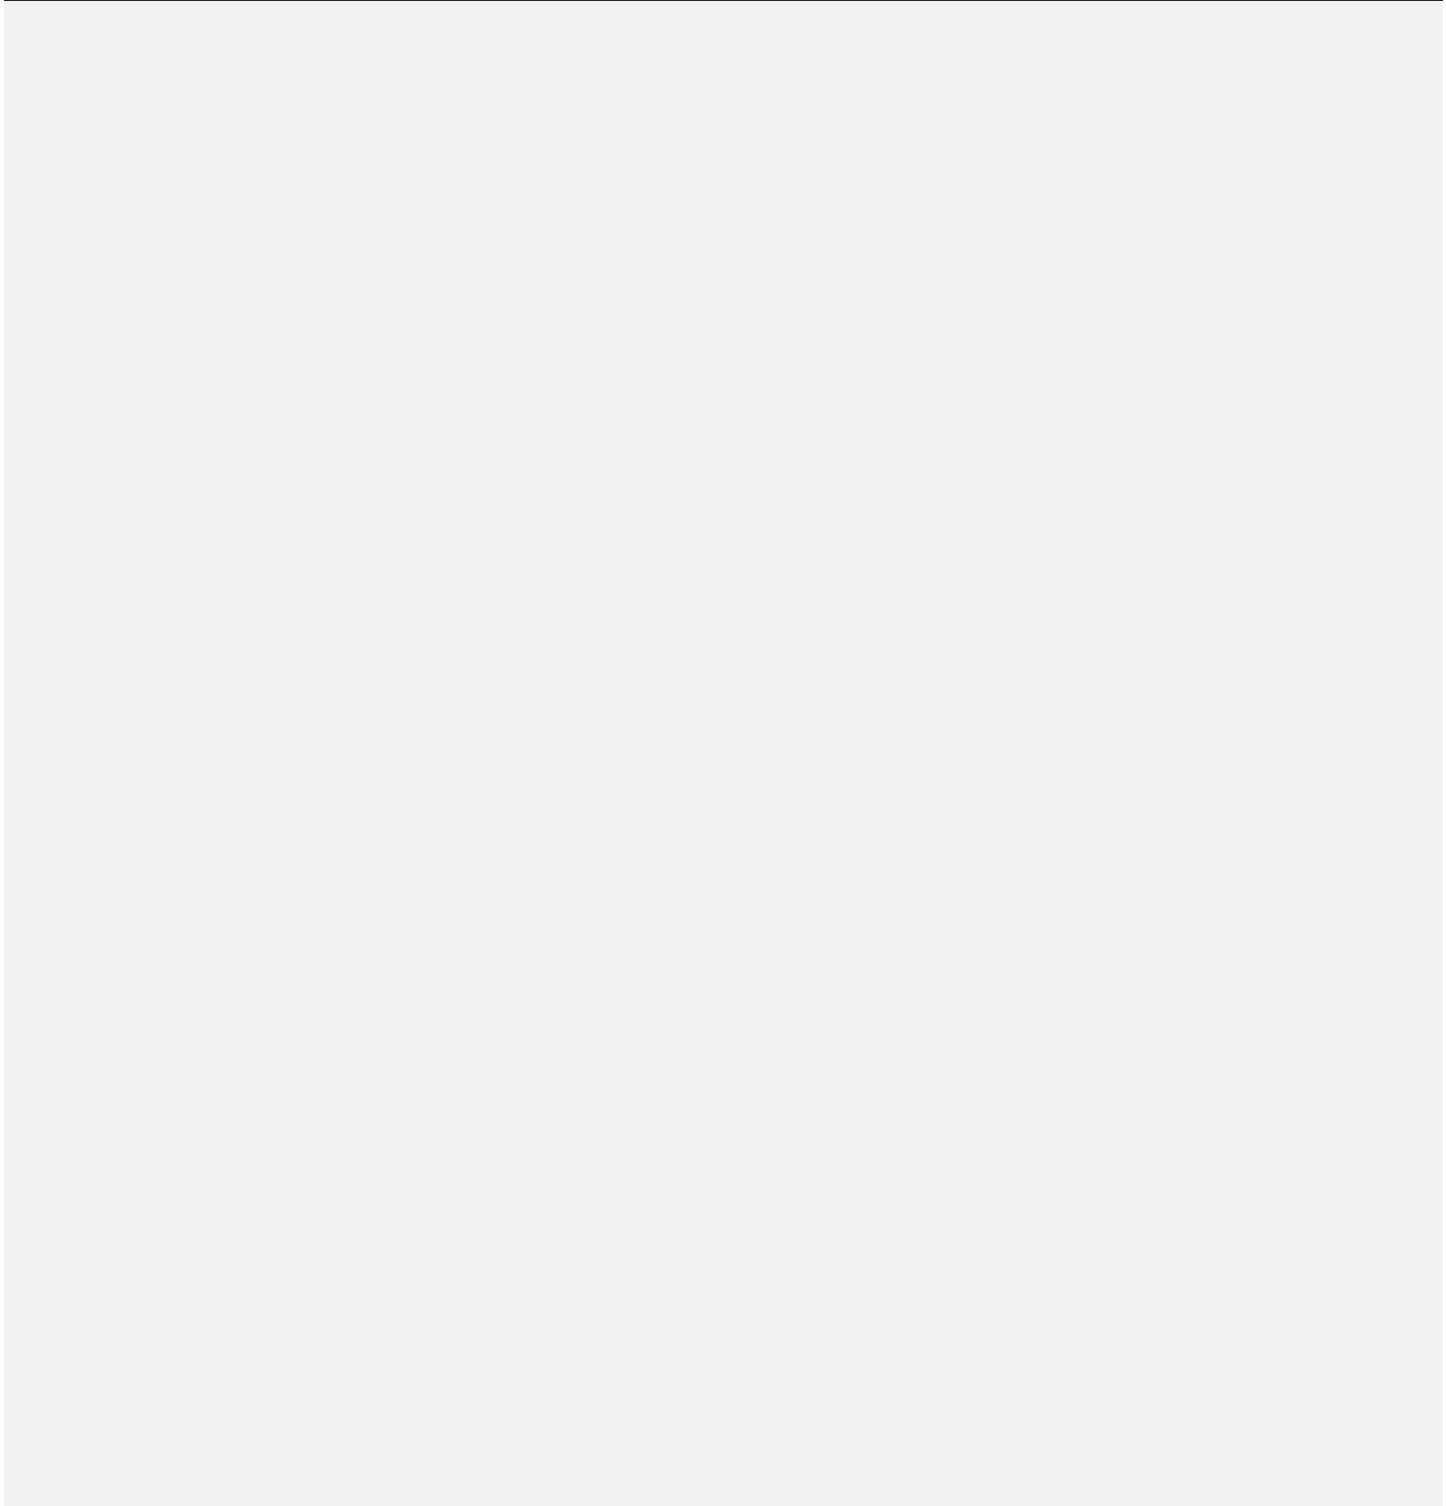

- Zero emissions and low noise levels make for safer working conditions.
- The 19C-1E operates completely free of any trailing tethers.
- JCB's unique 2GO system safely isolates all the controls.
- The canopy is ROPS, TOPS and FOGS certified as standard for full safety compliance.

CHOOSE TOUGH

The JCB 19C-1E electric mini excavator is designed and built to withstand the toughest job sites, with durable components for minimal downtime.

- 100% steel bodywork for maximum protection and easy repair.
- The electrical circuit has been extensively tested and every detail checked to maximise longevity.
- Full width rear cast counterweight gives full protection against site damage.
- Extending undercarriage beams constructed from 25mm solid steel plate.

How does the machine perform?

If the machine is left on, will it run the batteries down?

Can someone easily steal the batteries?

Is the machine tethered?

Is there any extra maintenance to do on the battery?

What about warranty?
