Instructions

Who should complete this form

You should complete this form if you are a UK producer of the like goods in the review.

Why you are being asked to complete this pre-sampling questionnaire

We are seeking your cooperation as a **UK producer** of the like goods to inform our review of whether the current **anti-dumping measure** should be maintained, varied or discontinued. If you are not a **UK producer**, please complete either the relevant Pre-Sampling Questionnaire or the Other Interested Party and Contributor Registration Form if you have information that you wish to be considered during the investigation.

This pre-sampling questionnaire allows us to collect basic information and data about your company. If a large number of UK producers complete this pre-sampling questionnaire, we will use the information each one provides to help us decide which companies we want to sample for further investigation. If you are sampled, we will send you a more detailed questionnaire to complete.

Deadline for response

A completed pre-sampling questionnaire must be submitted to the TRA by no later than **17 February 2023**. If you are unable to provide a completed submission by the given due date and you wish to request an extension, please contact **Tim Sharp, TD0031@traderemedies.gov.uk** and see the TRA's guidance on extension requests for further information.

Note about confidentiality

You will need to submit one confidential version and one non-confidential version of your pre-sampling questionnaire by the due date.

Please ensure that each page of information you provide is clearly marked either "Confidential" or "Non-Confidential" in the header.

It is your responsibility to ensure that the non-confidential version does not contain any confidential information, which includes personal contact information, names and signatures.

Please see the [TRA's public guidance](#) for further information on what can be considered confidential and how to prepare a non-confidential version of this questionnaire.

All information provided to the TRA in confidence will be treated accordingly and only used for this investigation (except in limited circumstance as permitted by regulation 46 of the Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019) and will be stored in protected systems.

The non-confidential version of your submission will be placed on the public file, which is available on www.trade-remedies.service.gov.uk/public/case/TD0031

Organisation name	Website
N/A	

C2 – Particular Market Situation

If you have any concerns or information about the possible existence of a particular market situation in the exporting country or territory, please provide details in the box below. This can include examples such as:

- Prices are artificially low
- There is significant barter trade (e.g. goods exchanged for other goods)
- Prices reflect non-commercial factors; or
- Anything else

Production of the goods subject to review in China is heavily influenced by non-market forces. TSUK will provide more information in this respect in written comments.

C3 – Scope

Do you agree with the scope of the investigation as outlined on page 3?

Yes

No

If you have answered no to the above question, please can you explain why?

C4 – Product Control Numbers

The TRA uses Product Control Numbers (PCNs) to define and distinguish the different types of products that fall under the goods description above.

PCNs, which come in the form of an **alphanumeric code**, help to create a categorisation system so that comparisons can be made between goods produced in the domestic UK market and those produced in foreign markets.

We have created a draft PCN table and enclose this here for you now.

Field Description	Field Format	Explanation
Form	Alpha	C : Coil/Strip
		S : Sheet
Steel quality	Alpha	A : Steel for drawing / cold forming (grade DX51D, DX52D)*
		B : Structural steel low yield point (grade S220GD, S250GD, S280GD, S320GD)*
		C : Structural steel high yield point (grade S350GD, S390GD, S420GD, S450GD)*

		S : Non prime / Off grade *indicative grades
Width	Alpha + nn	Indicative in which range the width of the product falls
		W00 : < 600 mm
		W06 : 600-799 mm
		W08 : 800-899 mm
		W09 : 900-1099 mm
		W11 : 1100-1299 mm
		W13 : > 1300 mm
Thickness	Alpha + nn	Indicate in which range the thickness of the product falls:
		T02 < 0.30 mm
		T03 : 0.30 - 0.39 mm
		T04 : 0.40 - 0.59 mm
		T06 : 0.60 - 0.79 mm
		T08 : 0.80 - 0.99 mm
		T10 : 1.00 - 1.24 mm
		T12 : 1.25 - 1.49 mm
T15 : >= 1.50 mm		
Type of Coating	Alpha	Indicate the type of coating
		ZN = zinc
		ZA = zinc / aluminium alloy
		AZ = aluminium / zinc alloy
		AL = aluminium or aluminium alloy without zinc
Coating mass (two sides) in g/m ²	Alpha	Indicate the coating mass in g/m ²
		A = <= 139 g/m ²
		B = 140-200 g/m ²
		C = 201 - 275 g/m ²
		D = over 275 g/m ²
Surface quality	Alpha	Indicate the surface quality according to EN103046:2009
		A = MA/A - Standard
		B = MB/B/MC - Improved surface / Best quality

Please review the draft PCN structure for this **review** shown in the table above. Please include any comments on the PCN structure in the box provided.

With respect to width, we would suggest adding a 1300-1500 mm category and replacing the > 1300 mm category with a > 1500 mm category. With respect to the 'type of coating' category and the 'coating weight' category, we would suggest that these categories precede the dimensions in the ordering. The rationale being that the coating weight has a far greater impact on product cost relative to the dimensions in the average product.

C5 – Economic Interest Test

It is a requirement of the **review** to conduct an Economic Interest Test (EIT). The aim of the EIT is to determine whether the implementation of the proposed trade remedy measure is in the wider economic interest of the UK. In order to obtain a complete picture of the UK market, could you please help by providing us with details of your UK suppliers (upstream companies providing inputs) and UK customers (downstream companies buying your like goods). Please confirm in the final column if we are able to contact these companies.

	Company name	Company location (city, country)	Company Contact Information (email/telephone)	Relationship	Can we contact Y/N

C6 – Anything else

Please use the box below to provide information about anything else you consider relevant to this **review**

TSUK reserves its right to provide further information to the TRA at a later stage of the investigation.

Now you have reached the end of this questionnaire please ensure that you have prepared a confidential and non-confidential version and indicated the status of each within the header. The non-confidential version should redact personal contact information, names, signatures, and exact sales quotes. Redacted figures should be replaced with a range where possible. Please return both versions to the TRA using the Trade Remedies Service (trade-remedies.service.gov.uk).
