

Silent Knight MK2 E600 Double Triangular Access Cover

Combining a double triangular grating design with a V profiled seating for additional stability, the Silent Knight range of E600 access covers provides a durable solution in the most demanding of heavy duty applications.

DURABILITY

To aid the reduction of whole life costs, the Silent Knight design incorporates the Load Transfer System (LTS) to radically improve installation and product lifespan lowering the frequency of reinstatement.

SECURITY

Available as a bolt down variant to deter unauthorised access offering increased asset security.

HEALTH & SAFETY

For use on deeper chambers all sizes have the option of being supplied with an integral anti-fall safety grid.

PERFORMANCE

Three points of suspension and V profile seatings ensure non-rock and silent in operation performance.

ACCREDITATION

Third party certified by BSI and kite marked to the requirements of BS EN 124. Compliant to the requirements of National Highways advice note CD 534 and BS 7903.

ROAD SAFETY

Radial chequer design with independently verified skid & slip resistance values which exceed the requirements of chapters 2.6 & 2.7 within Section 2 Design for chamber tops and gully tops of CD 534.

SAVE TIME & COST

All sizes are available with the Install Plus frame levelling and installation system.

Silent Knight E600 Access Cover Range	ISSUE NO: 2	SGPUK045	DATE: 10:2022
