TO THE TRADE REMEDIES AUTHORITY

17th March 2026

REF Anti Dumping Investigation AD0071 - REDACTED

We refer to our submission of 25 February 2026, by which we expressed our regret regarding the Trade Remedies Authority's ("TRA") decision not to exclude imports of hot-rolled steel plate ("HRP") with widths of 2499 mm from the scope of the above-mentioned investigation.

With the present submission, we would like to elaborate further on those concerns. In a nutshell, for the reasons explained below, we remain concerned about that decision and the treatment accorded to the UK producer Liberty Steel Dalzell, as it raises procedural and substantive issues concerning our rights of defence. ISTA kindly reserves the right to make further submissions in due course and remains at your disposal should you have any questions or require further information.

We thank you for considering the present submission.
