## Introduction

### Registration of interest to the review

We invite interested parties and contributors to register their interest in this review by completing the relevant sections as indicated in this form and submitting the completed form using the Trade Remedies Service ([www.trade-remedies.service.gov.uk](http://www.trade-remedies.service.gov.uk)).

An interested party is either:

- a government of the foreign country or territory subject to the review;
- an overseas exporter, an overseas producer or an importer of the goods subject to the review;
- a UK producer of goods that are like the goods subject to the review; or
- a trade or business association representing one or more of the above parties.

A contributor is a person or organisation who is not an interested party but who wants to register so that they can participate in a review.

### Scope of the review

Goods subject to review	<p><b>Category 1 Goods (biodiesel, pure or blend, greater than 20% biodiesel content)</b></p> <p>Fatty-acid mono-alkyl esters (FAME) and/or paraffinic gasoil obtained from synthesis of non-fossil origin, commonly known as 'biodiesel'. In a pure form or in a blend containing by weight more than 20%, fatty-acid mono-alkyl esters and/or paraffinic gasoil obtained from synthesis of non-fossil origin, originating in the United States of America and consigned from Canada.</p> <p><i>AND</i></p> <p><b>Category 2 Goods (biodiesel, blend, less than 20% biodiesel content)</b></p> <p>Fatty-acid mono-alkyl esters and/or paraffinic gasoil obtained from synthesis of non-fossil origin, commonly known as 'biodiesel', in a blend containing by weight 20% or less of fatty-acid mono-alkyl esters and/or paraffinic gasoil obtained from synthesis of non-fossil origin, originating in the United States of America.</p>
-------------------------	---

Period of investigation (POI)	1 January 2025 to 31 December 2025
-------------------------------	------------------------------------

For further details, please refer to the *Notice of Initiation* on the public file: <https://www.trade-remedies.service.gov.uk/public/cases/>.

## Completing this registration form and pre-sampling questionnaire

To register to this case, you need to provide two copies of your response to this form: a confidential and a non-confidential version. Your non-confidential version should be as similar as possible to your confidential version except for the redaction of the confidential information.

Both copies must be returned to the TRA by 12 February 2025 using the Trade Remedies Service ([www.trade-remedies.service.gov.uk](http://www.trade-remedies.service.gov.uk)).

The non-confidential version of your registration form and pre-sampling questionnaire may be placed on the public file: <https://www.trade-remedies.service.gov.uk/public/cases/>.

It is your responsibility to ensure that the non-confidential version does not contain any confidential information, which includes personal contact information, names and signatures. Please see the [TRA's public guidance](#)<sup>1</sup> for further information on providing confidential information and non-confidential summaries.

All information provided to the TRA in confidence will be treated as confidential in accordance with regulation 45 of the Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019 (the Regulations) and only used for this review (except in limited circumstance as permitted by regulation 46 of the Regulations) and will be stored in protected systems.

## Request to complete a detailed questionnaire

If, on the basis of the information provided in this form, we determine that you are an overseas exporter or an importer of the goods subject to the review or a UK producer of goods that are like the goods subject to the review, we will ask you to complete a detailed questionnaire to inform this review.

If we consider it appropriate, we may only ask a sample of overseas exporters, importers and/or UK producers to complete a detailed questionnaire. By submitting this completed

---

<sup>1</sup> <https://www.gov.uk/government/publications/the-uk-trade-remedies-investigations-process/the-tras-investigation-process>

registration form and pre-sampling questionnaire, you agree that you may be included in any such sample.

If your business is included in the sample, you will be asked to respond to the questions in the detailed questionnaire and to support the TRA in verifying your responses. This may involve the TRA carrying out a verification visit to your premises.

If you are an overseas exporter and indicate that you do not agree to possible inclusion in a sample, your business may be deemed not to have cooperated in the investigation. The TRA will base its findings for non-cooperating parties on facts available. This may result in an outcome that is less favourable to your business than if it had cooperated.

## Section A: About your business or organisation

### A1. Your business' or organisation's activities

1. To determine your business' or organisation's role for the purpose of this review, please select all of the following options that are applicable to your business or organisation. Please refer to the period of investigation (POI) defined on page 2.

[A1.1] During the POI, we produced the goods subject to review in the US and/or exported from Canada.

**Note: Please complete sections A2 and B.**

[A1.2] During the POI, we directly exported the goods subject to review from the US or from Canada to the UK.

**Note: Please complete sections A3 and B.**

[A1.3] During the POI, we indirectly exported the goods subject to review from the US or from Canada to the UK via a third party (located either in the US, Canada or a third country not subject to the review).

**Note: Please complete sections A3 and B.**

[A1.4] During the POI, we imported the goods subject to review originating in the US and/or consigned from Canada to the UK.

**Note: Please complete sections A4 and B.**

[A1.5] During the POI, we produced goods that are like the goods subject to review in the UK.

**Note: Please complete sections A5 and B.**

[A1.6] **Other.**

**Note: Please complete section B.**

2. If you selected 'Other' [A1.6], please describe the activity/activities of your business or organisation and your business' or organisation's interest in this review in the field below.

The Renewable Transport Fuel Association (RTFA) is a UK trade association representing the producers of sustainable renewable and recycled carbon fuels and suppliers of gaseous renewable fuels to transport markets. Renewable Fuels companies comprise companies producing liquid Renewable Fuels, together with suppliers of gaseous fuels, such as biomethane, biopropane, or renewable hydrogen.

All individuals, firms, companies, and other entities engaged in the business of the production and supply of Renewable Fuels are eligible in principle to apply for membership of the RTFA. The affairs of the RTFA are not conducted for profit.

Members are eligible to stand for election to the Board. Each Member entitled to vote shall be entitled to exercise a number of votes equal to the number of vacancies for Directors. The RTFA Board of Directors is responsible for oversight of the administration of the Association and not its policy development.

- 3. Indicate whether your company is a member of any representative organisations (e.g. a trade body or chamber of commerce). If so, provide a copy of any relevant documentation.

## A2. Production and domestic sales of the goods subject to review

Complete this section if you indicated under A1 that you are a producer of the goods subject to review in the US.

- 4. Please refer to the description of the goods subject to review on page 2. In the field below, describe the goods that you produce and that fall within the description.

- 5. Please provide your business' total production volumes and production capacity for the goods subject to review during the period of investigation (POI) in the table below.

	Metric Tonnes	Litres
Total production volume (POI)		
Total production capacity (POI)		
Conversion Rate used above:		

Consider providing these figures in ranges in your non-confidential version of this form.

6. Please give details of all associated parties involved with the business in the production and sales (export and/or domestic) of the goods subject to review during the period of investigation. Both natural persons (individuals) and legal persons (e.g. companies) are considered to be associated where they meet the definition of 'Related Persons' in regulation 128 of the Customs (Import Duty) (EU Exit) Regulations 2018.

Company name	Company location (city, country)	Activities	Relationship

Add additional rows as required

Consider redacting this information in your non-confidential version of this form, in accordance with [TRA's public guidance](#).

7. Please provide the total of your domestic sales volumes and sales values of the goods subject to review produced by your business during the POI in the table below.

	Metric Tonnes	Litres
Total domestic sales volume (blended)(POI)		
Total domestic sales value (blended)(POI) [£]		
Total domestic sales volume (all bio content) (POI)		
Total domestic sales value (all bio content) (POI) [£]		

Consider providing these figures in ranges in your non-confidential version of this form.

8. Were there significant fluctuations in major input costs (such as raw materials or energy) across the POI, which had a material impact on the overall cost to make of the goods? If yes, please provide details of these fluctuations.

9. Is your company or any of your associated parties related to any company in the UK, particularly any of the UK producers and/or importers of the goods that are like the goods subject to review in the UK?

10. Do you produce and/or sell other goods for the UK market other than the goods concerned?

### A3. Direct and indirect exports of the subject to review

Complete this section if you indicated under A1 that you are an exporter of the goods subject to review from the countries subject to the review.

11. If you are not the producer of the goods subject to review that you export to the UK, please provide details for your suppliers of the goods subject to review and indicate whether these are the producers of the goods subject to review in the table below.

Company name	Company location (city, country)	Relationship to your company	Producer (Y/N)

Add additional rows as required

Consider redacting this information in your non-confidential version of this form, in accordance with [TRA's public guidance](#).

17. Please specify your purpose in importing the goods subject to review from countries subject to the review. Select **all of the following options that are applicable to your business or organisation.**

- We resell the goods unchanged to distributors or final customers.
- We process the goods before reselling them to distributors or final customers.
- We use the goods as input in our production of \_\_\_\_\_.  
(specify the product/s).
- We reexport the good to third countries, namely\_\_\_\_\_
- Other.

18. "If you selected "other", please specify your purpose for importing the goods subject to review from the countries subject to the review in the field below.

19. Please describe how the subject to review compare to UK produced goods that are like the subject to review in the field below.

## **A5. Production and sales of goods produced in the UK that are like the subject to review.**

**Complete this section if you indicated under A1 that you are a producer in the United Kingdom of goods that are like the goods subject to review.**

20. Please describe the goods that you produce in the UK and that you consider to be like the goods subject to review.

21. Please provide your business' total production volumes and production capacity for UK production of goods that are like the goods subject to review during the POI in the table below.

	Metric Tonnes	Litres
Total production volume (POI)		
Total production capacity (POI)		

Consider providing these figures in ranges in your non-confidential version of this form.

22. Please provide the total of your domestic and export sales volumes and sales values of the goods that are like the goods subject to review produced by your business in the UK during the POI in the table below.

	Metric Tonnes	Litres
Total domestic sales volume (POI)		
Total domestic sales value (POI) [£]		
Total export sales volume (POI)		
Total export sales value (POI) [£]

## B2. Scope

27. If you consider that the goods description subject to the measure under review should be varied, please specify the suggested changes and provide your reasons in the field below.

The RTFA agrees with the goods description and does not think it should be varied.

In an ideal scenario FAME and paraffinic biodiesels should be covered together for the purposes of considering countervailing duties but following the initial transition reviews (TD0004 and TD0005) they have become separated. It would be helpful if the timescales for investigations / reviews could be brought together to make the process more efficient for both the industry and the TRA.

### B3. Product control numbers

The TRA uses product control numbers (PCNs) to define and distinguish the different types or subcategories of goods that fall under the goods description of the goods subject to review. Subcategories are developed on the basis of differences in the physical and/or commercial characteristics of the goods which may impact the price at which each subcategory is sold.

PCNs, which come in the form of an alphanumeric code, help to create a categorisation system so that comparisons can be made between goods produced in the UK and those produced in the countries subject to a review.

We have created the following draft PCN table:

Characteristic	Symbol	Description
Type	F	FAME (fatty-acid mono-alkyl esters)
	P	Paraffinic gasoil from synthesis
Cold Filter Plugging Point (CFPP) in degrees centigrade to nearest degree	1	Higher than +9
	2	Higher than or equal to 0 but lower than or equal to +9
	3	Lower than 0 but higher than or equal to -9
	4	Lower than -9 but higher than or equal to -40
	5	Lower than -40
Feedstock	1	<a href="#">biodiesel from feedstocks subject to incentives (singled counted according to UK RTFO categories)</a>
	2	<a href="#">biodiesel from feedstocks subject to incentives (double counted according to UK RTFO categories)</a>
	0	other/special purpose sold without any certificate
Form	B(100)	Pure form
	B(XX)	XX equals percentage of biodiesel blended with mineral diesel (The nearest percentage rounded down to a whole number)

28. Please review the above draft PCN structure for this review and comment in the field below whether the PCN structure is adequate and appropriate to categorise the goods produced, exported and/or imported by your business.

N/A

29. Please provide details of any technical or physical characteristic not included in the PCN structure that may affect the price comparison between the goods subject to review and the goods that are like the goods subject to review in the UK

N/A

30. If you are an overseas exporter or importer of the goods subject to review or a UK producer of the goods that are like the goods subject to review in the UK, comment on whether the proposed PCN structure adequately aligns with your goods range. In particular, we would welcome your comments on

- the categorisation of product features;
- the list of products included in the “other” category and whether this prevents a fair comparison between PCNs; and
- whether you produce, or are aware of, any specialised products that fall within the definition of the goods subject to review or are like the goods subject to review in the UK which have a sufficiently different price point to make them unsuitable for comparison with the other sub-categories of the “goods concerned”.
- Do you export, produce or import any goods that could be categorised under more than one PCN? If so, please suggest any changes to the proposed PCN structure?

N/A

31. Please provide details of any manufacturing process differences which you think may influence the PCN structure and the price comparison between the goods subject to review or are like the goods subject to review in the UK.

N/A

## B4. Economic Interest Test

32. If, following a review, we conclude that a measure should be imposed or extended, we conduct an Economic Interest Test (EIT) to determine whether the proposed measure is in the wider economic interest of the UK. In order to obtain a complete picture of the UK market, could you please help by providing us with details of UK upstream companies (providing inputs for the manufacture of the goods that are like the subject to review) and UK customers (downstream companies buying the goods). Please confirm in the final column if we are able to contact these companies.
