## Preliminary Affirmative Determination responses - Note to Public File

Note to the public file in relation to the case:

**AD0059 – Certain engine oils and hydraulic fluids from Lithuania and the United Arab Emirates.**

The case team have published a Preliminary Affirmative Determination (PAD) (<https://www.trade-remedies.service.gov.uk/public/case/AD0059/#public-file>). The provisional measures in the PAD were based on the best information available to the TRA at the point at which it was published and indicate that provisional measures should be put in place to prevent injury being caused to UK industry.

Interested parties and contributors are requested to submit responses to the PAD within the next two weeks, **before 23:59 UK time on 1 May 2025**.

Any responses made after this deadline may be considered by the case team as part of the final determination, rather than in the Statement of Essential Facts (SEF).

The case team are available to discuss the PAD with interested parties and contributors prior to **29 April 2025**. If you wish to arrange a meeting, or have any comments or questions, please contact the case team as soon as possible:
