Non-Confidential Summary – Exh 1DL-9 Importer Annex-Sales recon(Updated Importer Annex) contains the sales reconciliation and income statement data submitted by LGMG UK for the anti-dumping investigation. The table primarily reconciles sales revenue with financial data during the period of investigation (October 2024 to September 2025), distinguishing the revenue and quantity of goods concerned, like goods, and other products (such as telehandlers, slab scissor lifts, and rough terrain equipment). It also presents financial metrics including operating revenue, costs, expenses, and net profit for the year 2024 and the first three quarters of 2025 to support the reconciliation between sales data and financial statements.
