## The scope of this review

### Goods subject to review

This review covers certain pneumatic tyres, new or retreaded, of rubber, of a kind used for buses or lorries, with a load index exceeding 121, exported from the People's Republic of China (PRC).

These pneumatic tyres are currently classifiable within the following commodity codes:

- 4011 20 90 00;
- 4012 12 00 10.

These commodity codes are only given for information.

In this document, these goods will be referred to as the 'the goods subject to review'. Any reference to the 'goods subject to review' in this document refers to the goods description above, regardless of the commodity code under which they are exported.

### Like goods

Any reference to '**like goods**' in this document refers to goods produced in the UK or imported to the UK from a country other than the People's Republic of China which are like the goods subject to review in all respects, or with characteristics closely resembling them.

**Please follow the instructions for each question to provide the appropriate information regarding the goods subject to review or like goods.**

For more information about this case, you may refer to the Notice of Initiation published at: [www.trade-remedies.service.gov.uk/public/case/TD0035/](http://www.trade-remedies.service.gov.uk/public/case/TD0035/).

## Instructions

### Who should complete this form?

You should complete this form if you are one of the party types listed at the beginning of this document.

If you are a UK producer of the like goods, importer or overseas exporter of the subject to review, please complete the relevant Pre-Sampling Questionnaire.

### Note about confidentiality

You will need to submit one confidential version and one non-confidential version of this document.

Please ensure that each page of information you provide is clearly marked either “Confidential” or “Non-Confidential” in the header.

It is your responsibility to ensure that the non-confidential version does not contain any confidential information, which includes personal contact information, names and signatures.

Please see the [TRA'S public guidance](#) for further information on what can be considered confidential and how to prepare a non-confidential version of this document.

All information provided to the Trade Remedies Authority (TRA) in confidence will be treated accordingly and only used for this investigation (except in limited circumstances as permitted by regulation 46 of the Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019) and will be stored in protected systems.

The non-confidential version of your submission will be placed on the public file, which is available on : [www.trade-remedies.service.gov.uk/public/case/TD0035/](http://www.trade-remedies.service.gov.uk/public/case/TD0035/).

## Section A – Your organisation’s interest in the case

To register your organisation’s interest in this review, please complete the text boxes below.

Please describe your role with regards to the like goods and/or goods subject to review:

Government of the exporting country.

Please describe your interest in this review:

Government of the exporting country.

## Section B – Additional information

### B1 – Other interested parties

If you believe there are producers, overseas exporters, importers and other interested parties that should receive this document, please provide their organisation name and website details below.

Organisation name	Website

### B2 – Particular Market Situation

If you have any concerns or information about the possible existence of a particular market situation in the exporting country or territory, please provide details in the box below. This can include examples such as:

- Prices are artificially low
- There is significant barter trade (e.g. goods exchanged for other goods)
- Prices reflect non-commercial factors; or
- Anything else

No, there is no particular market situation in Chinese pneumatic tyre market. Both pneumatic tyre prices for domestic sale and export are made by market forces and there is no barter trade.

### B3 - Scope

Do you agree with the scope of the investigation as outlined on page 4?

- Yes
- No

If you have answered no to the above question, please can you explain why?

<p>Because as we know, there is no UK domestic producer on pneumatic tyres used for buses or lorries.</p>
---

### B4 – Economic Interest Test

It is a requirement of the review to conduct an Economic Interest Test (EIT). The aim of the EIT is to determine whether the implementation of the proposed trade remedy measure is in the wider economic interest of the UK. In order to obtain a complete picture of the UK market, could you please help by providing us with details of any known UK suppliers (upstream companies providing inputs) and UK customers (downstream companies buying the like goods). Please confirm in the final column if we are able to contact these companies.
