For more information about this case, you may refer to the Notice of Initiation published at: www.trade-remedies.service.gov.uk/public/cases/AD0058/.

Instructions

The Trade Remedies Authority (TRA) is responsible for investigating the allegation that Biodiesel from the People's Republic of China is being exported to the UK at prices less than their normal value and that this dumping (export price at less than normal value) is causing injury to the UK industry for these goods.

Who should complete this form

You should complete this form if you are an overseas exporter of goods concerned.

Why you are being asked to complete this pre-sampling questionnaire

You have identified yourself as an overseas exporter of the goods concerned. We are therefore seeking your cooperation in the investigation.

This pre-sampling questionnaire allows us to collect basic information and data about your company. If a large number of overseas exporters of the goods concerned from the People's Republic of China complete this pre-sampling questionnaire, we will use the information each one provides to help us decide which companies we want to sample for further investigation. If you are sampled, we will send you a more detailed questionnaire to complete.

By submitting a completed detailed questionnaire response, you might become eligible for an individual anti-dumping amount, if we are recommending that measures apply following this investigation. Please refer to [Section C](#) for more information on individual anti-dumping amounts.

If you do not complete this pre-sampling questionnaire or the detailed questionnaire, you could be found to be non-cooperating. For more details on how this may affect you, please consult our [operational guidance on non-cooperation](#).

Deadline for response

A completed pre-sampling questionnaire must be submitted to the TRA by no later than **28 June 2024** If you are unable to provide a completed submission by the given due date and you wish to request an extension, please contact **AD0058@traderemedies.gov.uk** and see the TRA's guidance on extension requests for further information.

Note about confidentiality

You will need to submit one confidential version and one non-confidential version of your pre-sampling questionnaire by the due date.

Please ensure that each page of information you provide is clearly marked either “Confidential” or “Non-confidential” in the header.

It is your responsibility to ensure that the non-confidential version does not contain any confidential information, which includes personal contact information, names and signatures.

Please see the TRA’s [public guidance](#) for further information on what can be considered confidential and how to prepare a non-confidential version of this questionnaire.

All information provided to the TRA in confidence will be treated accordingly and only used for this investigation (except in limited circumstance as permitted by regulation 46 of the Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019) and will be stored in protected systems. The non-confidential version of your submission will be placed on the public file, which is available on www.trade-remedies.service.gov.uk/public/cases/AD0058/.

If we recommend that a trade remedy measure **applies** following this **investigation**, and you have requested an individual **anti-dumping amount**, please note that you will be required to supply the necessary information within the given timeframe for us to calculate this for you.

The TRA must accept an overseas exporter's request for an individual **anti-dumping amount** and calculate an individual amount, providing that:

- the information required is complete and submitted on time; and
- the number of requests for individual calculations does not unduly burden the **investigation** and risk delaying its conclusion.

Section D – Additional information

D1 – Other interested parties

If you believe there are other interested parties that should receive a questionnaire, please provide their organisation name and website details below.

Do you agree with Brazil as an appropriate third country? Please explain your reasons.

No comments at this stage.

D4 – Scope

Do you agree with the scope of the investigation as outlined on page 3?

- Yes
 No

If you have answered no to the above question, please can you explain why?

Not applicable.

D5 – Product Control Numbers

The TRA uses Product Control Numbers (PCNs) to define and distinguish the different types of products that fall under the goods description above.

PCNs, which come in the form of an alphanumeric code, help to create a categorisation system so that comparisons can be made between goods produced in the domestic UK market and those produced in foreign markets.

We have created a draft PCN table and enclose this here for you now.

Characteristic	Symbol	Description
Type	F	F - FAME (fatty-acid mono-alkyl esters)
	P	P - Paraffinic gasoils
Cold Filter Plugging Point (CFPP) in degrees centigrade to nearest degree	1	1 - Higher than +9
	2	2 - Higher than or equal to 0 but lower than or eq
	3	3 - Lower than 0 but higher than or equal to -9
	4	4 - Lower than -9 but higher than or equal to -40
	5	5 - Lower than -40
Feedstock	1	1 - biodiesel from food and feed crops
	2	2 - biodiesel from feedstocks subject to incentives (e.g. double counting)
	3	3 - biodiesel from feedstock other than food and feed crops and not subject to incentives
	0	0 - other/special purpose sold without any certificate
Form	P(100)	Included in a blend with mineral fuel Pure form (100)
	B(XX)	Included in a blend with mineral fuel

Under this PCN structure, biodiesel assigned PCN F12B30 would be a product that corresponds with the following:

- FAME
- A Cold Filter Plugging Point (CFPP) higher than +9
- Biodiesel from feedstocks subject to incentives
- A 30 percent blend rate

Please review the draft PCN structure for this investigation shown in the table above. Please include any comments on the PCN structure in the box provided.

No comments at this stage.

D6 – Economic Interest Test

It is a requirement of the investigation to conduct an Economic Interest Test (EIT). The aim of the EIT is to determine whether the implementation of the proposed trade remedy measure is in the wider economic interest of the UK. In order to obtain a complete picture of the UK market, could you please help by providing us with details of your UK suppliers (upstream companies providing inputs) and UK customers (downstream companies buying your like goods). Please confirm in the final column if we are able to contact these companies.

None.

	Company name	Company location (city, country)	Company contact information (email/telephone)	Relationship	Can we contact? Yes/No

4					

D7 – Anything else

Please use the box below to provide information about anything else you consider relevant to this investigation.

None.

Now you have reached the end of this questionnaire please ensure that you have prepared a confidential and non-confidential version and indicated the status of each within the header. The non-confidential version should redact personal contact information, names, signatures, and exact sales quotes. Redacted figures should be replaced with a range where possible. Please return both versions to the TRA using the Trade Remedies Service (trade-remedies.service.gov.uk).
