Section A – Your organisation’s interest in the case

To register your organisation’s interest in this review, please complete the text boxes below.

Please describe your role with regards to the like goods and/or goods subject to review:

UKOITC is an organisation formed and maintained by tax professionals on behalf of member companies. Our purpose is to share knowledge between members, non-members, and government organisation, and to represent members on industry wide tax matters.

UKOITC member businesses are importers, and non-UK producers, of biodiesel (as Like Goods) in the form of:

- FAME
- Renewable diesel (HVO)
- SAF (including renewable diesel to be processed to processed into SAF)

Please describe your interest in this review:

Any trade measures effecting biodiesels:

- FAME
- HVO
- SAF

impacts UKOITC member businesses’ cost and ability to import, the pricing of internal UK sales and the desire of UK customers to purchase sustainable hydrocarbons.

These matters further impact UKOITC members ability to meet RTFO and SAF mandates and may negatively impact their ability to contribute to the UK’s net zero targets.

Section B – Additional information

B1 – Other interested parties

If you believe there are producers, overseas exporters, importers and other interested parties that should receive this document, please provide their organisation name and website details below.

Organisation name	Website
No additional comment	

B2 - Scope

Do you agree with the scope of the investigation as outlined on page 4?

- Yes
- No

If you have answered “no” to the above question, please can you explain why?

UKOITC believes any scope should be limited to biodiesel [FAME/HVO], excluding SAF and HVO for the production of SAF in the UK.

B3 – Economic Interest Test

It is a requirement of the review to conduct an Economic Interest Test (EIT). The aim of the EIT is to determine whether the implementation of the proposed trade remedy measure is in the wider economic interest of the UK. In order to obtain a complete picture of the UK market, could you please help by providing us with details of any known UK suppliers (upstream companies providing inputs) and UK customers (downstream companies buying the like goods). Please confirm in the final column if we are able to contact these companies.
