TO THE TRADE REMEDIES AUTHORITY

5<sup>th</sup> March 2026

REF TQ0085 review of TRQs on imports of Category 4 products from Turkiye under Developing Country Exemption.

We were somewhat surprised that the original notice indicated the TRA intended, in it's final determination, to treat goods imported from Turkiye as falling under the residual TRQs as was requested by the applicant. We are pleased to note that the TRA have issued an amendment to the original notice on the 3<sup>rd</sup> March with their intention to re-instate the TRQs which were in place until 30<sup>th</sup> June 2025 and can confirm that we are in favour of this.

Yours faithfully
