### Statement Regarding Confidentiality of the Articles of Association and Board Composition

#### Case AS0079 – Trade Remedies Authority (UK)

I hereby declare that the Articles of Association of ASSIMAGRA – Associação Portuguesa da Indústria dos Recursos Minerais - Assimagra, as well as the composition of its Board of Directors, are entirely public information under Portuguese law.

As an employers' association, ASSIMAGRA is legally required to publish both its Articles of Association and the identity of its Board members in the official journal "Boletim do Trabalho e Emprego" (BTE). Consequently, all such information is publicly accessible and does not contain any confidential or commercially sensitive data.

For this reason, there is no confidential version of these documents. The confidential and non-confidential versions submitted in the TRA registration process are therefore identical, as no information requires redaction.

This statement is issued for the purpose of completing the registration of ASSIMAGRA as an interested party in case AS0079 before the UK Trade Remedies Authority.

Respectfully,

Ana Viegas
